INTRODUCTION

Enthusiastic and motivated Full Stack Developer with a strong foundation in web development and a passion for learning new technologies. Skilled in HTML, CSS, JavaScript . Able to develop responsive and user-friendly web applications while following good coding practices. A quick learner with strong problem-solving and teamwork skills, seeking an opportunity to enhance my technical knowledge and contribute to the success of an organization.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript,
Frontend Technologies: HTML5, CSS3, JavaScript, React JS
Databases: MySQL
Tools & Platforms: VS Code, Jupyter Notebook, Google Colab
Core Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), Full Stack Development
Other Skills: Basic Machine Learning Concepts, Computer Vision (OpenCV), Version Control,

PROJECTS

Autolume – License Plate Recognition System
Technologies: Python, OpenCV, Tesseract OCR

- Built a **real-time computer vision system** to detect and recognize vehicle license plates from images and videos.
- Applied **image processing techniques** such as contour detection, thresholding, and edge detection to isolate plate regions.
- Integrated **OCR (Tesseract)** for extracting alphanumeric text with improved accuracy.
- Designed solution applicable for **traffic monitoring, parking automation, and security systems**.

Gesture-X – Sign Language Translation System
Technologies: HTML, CSS, JavaScript, Python

- Developed a **full-stack web application** that converts English text into **Indian Sign Language (ISL)** representations.
- Implemented **text preprocessing techniques** including parsing, stop-word removal, and stemming for accurate translation.
- Designed an interactive UI to display corresponding **sign images**, improving accessibility for hearing-impaired users.
- Improved communication efficiency by transforming textual input into **visual sign outputs in real time**.

CERTIFICATIONS

- **Gen AI & Prompt Engineering** – Computer Society of India
- **Artificial Intelligence Primer** – Infosys Springboard
- **Machine Learning** – Intel Unnati

KEY ACHIEVEMENTS

- **Achieved Cambridge English Certification (Level C1)**, demonstrating **advanced proficiency in professional communication, comprehension, and global workplace readiness**.
- **Earned MePro Certification (Level C2 – Pearson)**, showcasing **expert-level English communication skills for technical and business environments**.
- **Successfully completed JobReady Employability Skills program (Wadhwani Foundation)**, strengthening **problem-solving, teamwork, and industry-oriented professional skills**.

EDUCATION

Bachelor of Technology in Computer Science & Engineering *Nov 2022 – May 2026*
Malla Reddy College of Engineering & Technology (MRCET), Hyderabad, Telangana.
